ARE YOU AWARE OF YOUR COMPANY'S TRANSFER PRICING RISKS?

WE PROVIDE YOUR COMPANY A FREE OF CHARGE TRANSFER PRICING CHECK-UP SERVICE

Centrum Consulting provides a free of charge transfer pricing check-up service through an advanced module that determines your company's transfer pricing audit risk and compliance level with the legislation.

OUR METHODOLOGY TO MEASURE YOUR COMPANY'S TRANSFER PRICING AUDIT RISK AND COMPLIANCE LEVEL

Our study is conducted via a highly developed module measuring transfer pricing audit risk of your company and its level of compliance with transfer pricing legislation.

TP Risk and Compliance Assessment Module

We measure transfer pricing audit risk of your company and the level of compliance with the legislation through a module we developed at Centrum Consulting, considering the applicable legislation and audit practices of Turkish Tax Authorities in this respect.

1st Step: Data Collection

2nd Step: Application of Compliance Module

3rd Step: Application of Risk Module

4rd Step: Determination of Risk and Compliance Level

WHAT IS TRANSFER PRICING RISK AND COMPLIANCE ASSESSMENT MODULE?

Risk Module: It is an assessment module grading the auditing risk of your company and containing methodology we developed at Centrum Consulting, based on the Risk Analysis System used by Tax Audit Board at Turkish Ministry of Finance and OECD Draft Handbook on Transfer Pricing Risk Assessment.

Compliance Module: As the one assessing your company's audit risk, it is a module determining your company's transfer pricing compliance level, based on existing legislation and transfer pricing approaches applied by Turkish tax authorities.

Determining your transfer pricing risk is easier than you think!

Our experienced team carries out this study through face-to-face meetings with your company's financial executives. We evaluate the data we obtained from your company in risk and compliance modules and grade transfer pricing audit risk of your company and its compliance with the transfer pricing legislation.
